

# WiseKey

## Key Injection Solution

WiseKey provides solutions for Remote Key Injection(RKI) as well as Local Key Injection(LKI), which is flexible and fast and reduces labor cost.

### Why Choose WiseKey?

#### Secure

Perform keys injection directly to any Wiseeasy terminal, quickly and securely.

#### Efficient

Improve Operational Efficiency with the ability to simultaneously inject thousands of terminals within minutes, anywhere you need them.

#### Avoid Disruption

Eliminate business disruption and avoid traditional logistics problems thanks to a quick & remote solution.

# Reliable & cost-effective Key Injection services

WiseKey streamline sensitive tasks and provide you with solutions to fit your specific needs and budget.

	Local Key Injection	Remote Key Injection		
Scenario	<p>Key injection is completed before the device leaves the factory.</p> <p>WiseKey provides a KLD for you and you can do the key injection by your team.</p>	<div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;">  <p><b>First injection</b> A key needs to be injection onto a payment terminal before a merchant can use it.</p> </div> <div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;">  <p><b>Key update</b> Key update usually happens after a terminal is resold.</p> </div> <div style="border: 1px solid #ccc; padding: 5px;">  <p><b>Re-injection</b> A key re-injection is needed if the key injection was removed due to a tampering or rooting.</p> </div>		
Advantages	<p>Not relying on the network environment and also reducing labor costs.</p> <p>Extensible and customizable.</p>	<div style="display: flex; justify-content: space-around; margin-bottom: 5px;"> <span><b>RKI-Lite</b></span> <span><b>RKI-Pro</b></span> </div> <div style="display: flex; justify-content: space-between;"> <div style="width: 45%;"> <p>Quick and efficient: online operations, simple procedures, and visible progress.</p> <p>Extensible and customizable</p> </div> <div style="width: 45%;"> <p>Quick and efficient: online operations, simple procedures, and visible progress.</p> </div> </div>		
Supported Key Types	<ul style="list-style-type: none"> <li>· DUKPT</li> <li>· MK/SK</li> </ul>	<ul style="list-style-type: none"> <li>· DUKPT</li> <li>· MK/SK</li> </ul>	<ul style="list-style-type: none"> <li>· DUKPT</li> </ul>
