WISEASY BOT3
AI Android Terminal

Race against clock, scanning code with ease

Equipped with professional scanning module, BOT3 can identify commodity code, payment code, discount code and other one-dimensional code, QR code and complete the tasks like cashier, write-off and other tasks at a high speed.

AI capability for multiple application scenarios

Integrated with face recognition, speech interaction, screen display, touch screen interaction and so on, multi-modal human-computer interaction in fixed scene can be completed.

Light Design for different placement positions

Adjustable tilt design helps customers get the best scanning angles.

On the wall or on the table as you like

Equipped with conversion board, BOT3 can be connected with the mainstream supports on the market, making it suitable for wall, column, shelf and other installation environments.

### Fast network and ubiquitous coverage

Support 4G/3G/2G full Netcom, WiFi, Bluetooth and other network communication methods, the network has full coverage, to ensure BOT3 is online at any time.

Flexible combination and efficient cashier

It can be deployed independently with keypad, can also be used in combination with desktop computer, to meet the cashier needs of various scenarios, giving merchants efficient and secure collection experiences.

Super compatibility for plug and play

No need to install a plug-in, BOT3 is easily compatible with the existing merchant cashier system, simple operation, easy and convenient.

Technical Specifications

Operating System
Android 8.1, WiseOS

CPU
Quad-Core

Memory
2GB DDR3, 16GB Flash

Display
8.0 inch, 1280*800, Touch Panel

Camera
Industrial Camera, Face recognition

Network
2G/3G/4G

WIFI
2.4G/5G, 802.11 a/b/g/n

Bluetooth
BT4.0+BLE

Scanner Module
Professional scanning code module, support 1D&2D

NFC
1. 13.56MHz
2. ISO/IEC 14443 Type A&B, Mifare (Mifare S50, Mifare One S70)

Flashlight
Supports Scanner light, Auxiliary lighting, Auxiliary prompt

Sensor
Infrared: Detection Distance: 1.5m

LED
Tricolor indicator light for Power Manage

Physical Key
Power Key

USB
3*USB2.0 ports, 4-pins type A ports
1*USB2.0 type B port

SIM Card Slot
1*Sim Card Slot

Audio
1*3W Speaker

RJ45
WLAN

Battery
5200mAh (optional)

Adapter
Input: AC 100-240V, 50/60Hz
Output: 9V/2A

Dimensions
208*256*39mm

Weight
757g

Accessories
Optional: Wall Mount Keyboard

Temperature
Storage temperature: -35°C to 70°C
Operating temperature: -10°C to 55°C
Humidity: ≤95%

Certifications

GSMA / Brazil Anatel / SRRC / CTA
